Fabric & Paper Collection:

Printed Treasures Fabric Sheets - Use with our Sew, Quilt & Craft CDs

Dear ScrapSMART

"Here are samples of some of the unique, one-of-a-kind pieces I created from your CDs and Printed Treasures fabric sheets. The CDs are so easy to use. I just click, print, and sew. My daughter prints the designs on cardstock for her scrapbooks. My 8 year old grandson Michael prints the desings on stickerback paper to decorate his binder and for school projects. I check your website often for new designs."
